Freelancers' concerns:

- Finding clients
- On time payments
- Administration
- Health care
- Retirement
- Housing

*Freelancers are good for
business. Business should be
good to freelancers.*

Freelancers' social security

Recurring problems:

- Minimum contributions:
barriers to access
- Averaged earnings:
disconnected from reality
- Upfront payments:
unnecessary burden

United Kingdom

Health: Universal NHS

Retirement: Universal pension

Unemployment: Universal jobseekers

Taxation: Progressive

- National Insurance (NI) - 9%
- Income tax - 20 - 40%
- Company tax - 20%

Spain

- Social Security contributions:
- €53 - €277 minimum
- Not progressive
- Upfront payments
- Income estimated in advance

France

Auto-entrepreneur:

- Earn under €32K
- Tax 23-25% (progressive)
- Health, retirement
- No minimums or averages
- No upfront payments

Germany:

Health: Mandatory, 15.5%, minimum payments €200-€500

Retirement: Voluntary, 18.7%, minimum payments €84 - €130

Unemployment: Universal - Hartz IV

Taxation: Progressive, 14 – 45%

Germany:

Künstlersozialkasse (KSK)

- Health, retirement & care insurance
- Artist pays 18% of income
- Contractor pays 5.2% levy
- Government supported
- Very restricted entry
- Upfront & averaged payments
- Minimum payments - €70

Freelancers' Social Security Policy

- Health, retirement, unemployment
- No minimum payments
- Fair progressive taxation
- Levy on companies using freelancers

Other solutions:

- Mutual funds – sickness, services
- Freelancers' organizations
- European Freelancers' Cooperative?
