ARTI VISIVE E TEATRO PER L'INTEGRAZIONE DEI RIFUGIATI

AD EXPLORA 1, 2, 9 E 21 APRILE 2017

Cofinanziato dal programma Europa creativa dell'Unione europea

Anna Codazzi. National & European Projects
Explora, the children's museum of Rome

Why did we start our project?

- With the refugee crisis in Europe, in 2016 we started wondering what a children's museum could do to raise the awareness and promote inclusion and integration with our audience – children, families and schools;
- with the goal to **educate people to integration**, reminding that all children have a right to be happy.

How did we implement it?

- In 2016 we participated to a European application and were selected among the best 12 projects - EACEA/12/2016 Creative Europe Programme, Cross-sectorial Strand, SUPPORT FOR REFUGEE INTEGRATION.

How did we implement it?

- Selecting a group of "refugee artists": ARTESTUDIO, TAKOUA BEN MOHAMED, SIBOMANA;
- organising a festival dedicated to refugees integration at Explora, the children's museum of Rome with: exhibitions, theatre performances, arts workshops, informal meetings and seminars.
